H&S MAKES YOUR FEEDING DEPENDABLE & EASIER.

- The **main feed pan** is constructed of prime steel with the square tubing around the top of the feed pan. **Square tubing is 40% stronger than pipe.**
- H&S bunks are easy to clean out spoiled feed from the feeder tub. No clutter of numerous pipes or tubes are welded in to clean around.
- H&S bunks feature a **90° turning radius** with tricycle front end, 6 hole hubs and wheels, and quick hitch tongue.
